

Shelter For Homeless

One of our involved goals is to help people make their own homes by providing them the required money so that they won't have to sleep under the open sky without a roof. We tend to help such people for getting their own home, and live with better living standards. This is a really big dream of ours, but we can complete it with the help you and all the other country people. If we could get just ₹1 or ₹11 from each one of our people, there will be enough capital to use for this honest and crucial cause. We can stop seasonal deaths, road accidents, unwanted child mortality, highway capturing, road blockage due to illegal tents and many other things by giving homes to needy people. Our foundation helps with the capital received from the donation amount, to give it to the people who need it the most.
